Regrettably Sacre Bleu is For Sale

"Sacre Bleu" is a Westerly Centaur 26ft bilge keeled capable cruiser and will provide fun for both novice and experienced sailors alike. She is being sold due to owners retiring after sailing her regularly all summer over past years. The yacht has been wintered ashore each year for the last 10 years and returned to her mooring each summer after seasonal maintenance. The **Westerly Centaur** remains one of the UK's most successful and enduring cruising yachts, with over 2,400 examples built. The Centaur has earned an outstanding reputation for her robust construction, forgiving sailing characteristics and remarkably spacious accommodation, making her a favourite among first-time owners and experienced cruising sailors alike. This is an opportunity to own a good example of Britain's famous classic bilge-keel cruiser. She is overall in good condition and ready to use. The boat can be viewed at FCC Limekilns.
